

P2211K

11 / 11 / 2010

- **The test is closed book & closed notes;**
- **No one is allowed to leave the room during the test, so sharpen all pencils, visit the rest room, etc., before it begins;**
- **Programmable calculators, graphics calculators, hand held computers and any type of cell phone are not allowed for tests and exams. For these, you need to have a simple “scientific” calculator that has roots and trig functions.**
